Chair
Christchurch International Airport Ltd
PO Box 14001
CHRISTCHURCH 8544

Dear David

Owner's Expectations Manual

In late 2007, shareholding Ministers issued a revised version of the Owner's Expectations Manual (OEM) to all state-owned enterprises (SOEs).

While Christchurch International Airport Ltd is a council controlled trading organisation, rather than an SOE, many of the expectations in the OEM will still apply to the organisation and I am therefore sending it to you for your information. Please note that the OEM is also available on CCMAU's website at www.ccmau.govt.nz.

The OEM is designed to help boards to operate efficiently in their roles and to assist in clarifying their responsibilities. It should be read in conjunction with the attached table, which summarises the responsibilities of, and expectations for, the different entities monitored by CCMAU.

Please note that while care has been taken in preparing the attached table, boards are ultimately responsible for meeting their statutory obligations.

I encourage you to share the OEM and the attached table with your fellow directors and senior management.

Please do not hesitate to approach your usual contact at CCMAU if you have any questions in relation to this letter.

Yours sincerely

Murray Wright
Executive Director

Dr Jim Watson
Chair
Research & Education Advanced Network New Zealand Ltd
PO Box 3325
WELLINGTON 6140

Dear Jim

Owner's Expectations Manual

In late 2007, shareholding Ministers issued a revised version of the Owner's Expectations Manual (OEM) to all state-owned enterprises (SOEs).

While Research & Education Advanced Network Ltd is a company named in schedule 4 of the Public Finance Act 1989, rather than an SOE, many of the expectations in the OEM will still apply to the company and I am therefore sending it to you for your information. Please note that the OEM is also available on CCMAU's website at www.ccmau.govt.nz.

The OEM is designed to help boards to operate efficiently in their roles and to assist in clarifying their responsibilities. It should be read in conjunction with the attached table, which summarises the responsibilities of, and expectations for, the different entities monitored by CCMAU.

Please note that while care has been taken in preparing the attached table, boards are ultimately responsible for meeting their statutory obligations.

I encourage you to share the OEM and the attached table with your fellow directors and senior management.

Please do not hesitate to approach your usual contact at CCMAU if you have any questions in relation to this letter.

Dear Donal

Owner's Expectations Manual

In late 2007, shareholding Ministers issued a revised version of the Owner's Expectations Manual (OEM) to all state-owned enterprises (SOEs).

While Public Trust is a statutory entity, rather than an SOE, many of the expectations in the OEM will still apply to the entity and I am therefore sending it to you for your information. Please note that the OEM is also available on CCMAU's website at www.ccmau.govt.nz.

The OEM is designed to help boards to operate efficiently in their roles and to assist in clarifying their responsibilities. It should be read in conjunction with the attached table, which summarises the responsibilities of, and expectations for, the different entities monitored by CCMAU.

Please note that while care has been taken in preparing the attached table, boards are ultimately responsible for meeting their statutory obligations.

I encourage you to share the OEM and the attached table with your fellow directors and senior management.

Please do not hesitate to approach your usual contact at CCMAU if you have any questions in relation to this letter.

New Zealand Fast Forward Fund Ltd
PO Box 5349
WELLINGTON 6145

Dear Falcon

Owner's Expectations Manual

In late 2007, shareholding Ministers issued a revised version of the Owner's Expectations Manual (OEM) to all state-owned enterprises (SOEs).

While New Zealand Fast Forward Fund Ltd is a Crown entity company, rather than an SOE, many of the expectations in the OEM will still apply to the company and I am therefore sending it to you for your information. Please note that the OEM is also available on CCMAU's website at www.ccmau.govt.nz.

The OEM is designed to help boards to operate efficiently in their roles and to assist in clarifying their responsibilities. It should be read in conjunction with the attached table, which summarises the responsibilities of, and expectations for, the different entities monitored by CCMAU.

Please note that while care has been taken in preparing the attached table, boards are ultimately responsible for meeting their statutory obligations.

I encourage you to share the OEM and the attached table with your fellow directors and senior management.

Please do not hesitate to approach your usual contact at CCMAU if you have any questions in relation to this letter.
